To Whom It May Concern,  
Regarding: Adam Major

My name is Rita Bulger, and I worked with Adam in various capacities over about 10 years. He is always professional and courteous with an impressive ability to explain things in a simple direct way-without sounding condescending. Adam was a great help with computers and other technology at our school. Nothing would deter him from solving the problem and most importantly with a great attitude! Adam has a kind gentle demeanor with a remarkable brilliant intellect! If you have any questions about Adam's qualifications, please contact me.

Sincerely,

Rita Bulger  
ABE Teacher at ISD 622
